

## Curriculum Vitae

### Personal Information

Name: **Andreas Klamm**  
Address: 160 Greenford Road, Sudbury Hill Harrow,  
HA13QS, Middlesex, United Kingdom  
Date of Birth: 6 FEB 1968  
Place of Birth: Ludwigshafen am Rhein, Germany  
Nationality: German  
Telephone Number: Tel. 0049 6236 416 802  
Mobile phone: Tel. 0044 791 863 514 8  
email-address: [andreasklamm@ifnd734.org](mailto:andreasklamm@ifnd734.org)  
email-address: [news247@btinternet.com](mailto:news247@btinternet.com)

### Personal Objectives

After 15 years working in the medical field in Germany, since 1993 as a registered nurse (RGN) and as a paramedic I am looking for work experience in countries such as the United Kingdom or the United States of America (USA) . I have been working for about three years all together on ITU intensive therapy units and therefore I am looking also for the opportunity to get a training as ITU nurse.

On the side-line I have been working as a journalist, editor, publisher, moderator and host with own television and radio programmes, such as the "IBS Tea Time Show", news programmes and many others. For some of my television productions, which have been aired on German Public Television and on the internet I have got awards, promotions and recently (2002, 2003) also good references. From 1996 – 1998 I have been owner of a small company in the city of Ludwigshafen am Rhein, Germany.

### Education

#### **Academic:**

- **Protestant University of Applied Science** in Ludwigshafen am Rhein, Germany (Nursing Management, Maxstr. 29, D 67059 Ludwigshafen am Rhein, Germany, Tel. 0049 621 591130), 1 MAR 2003 to 31 MAR 2004, **Student in nursing management**. University Education ([www.efhlu.de](http://www.efhlu.de) ).

### **Non-academic:**

- TRAINING as **nurse R.N.**, 3 years, 1 OCT 1990 – 1 OCT 1993, **Nursing school**, Krankenpflege-Schule am Kreiskrankenhaus Reutlingen, Klinikum am Steinenberg, Steinenbergstr. 31 , D 72764 Reutlingen, Germany, Tel. 0049 7121 200-3780

## Description of previous positions held

- **Clementine Churchill Hospital**, Harrow, Middlesex, HA1 3RX, London, England, United Kingdom, Tel. 0044 208 872 3872, Marry Curran, Abigail Boatgen, 15 MAY 2006 – 08 AUG 2006
- **Nurse RGN, ITU nurse**
- The Clementine Churchill Hospital is a well known very nice and good hospital in the private and independent health care sector, with about 60 beds for patients and 4 beds on CCU Critical Care Unit (HDU High Dependency Unit / ITU). For the hospital I have been working on CCU.
- Working as **ITU nurse**.

- Administration of medication. Maintaining accurate fluid balance monitoring, administering medications, caring for urinary catheters. Care of intravenous infusions and blood transfusions. Assessing and implementing appropriate patient care. Administration of pre-medication and accompany patients to theatre. Collecting post-op patients and performing observations. Woundcare and management. Care of and removal of surgical drains, such as epidural catheter and others. Isolation precautions (MRSA) – barrier. Administration of IV antibiotics. Assistance with patient controlled analgesia using syringe driver i.e. PCA. Insertion and care of naso-gastric tubes including feeds. Administer intramuscular and sub-cutaneous injections. Administer oxygen as needed. Admission of internal emergency patients, outreaching, MEWS-Score, GCS-score, Waterloo scale, maintaining accurate ITU chart monitoring. Blood gas analysis, BM (measuring of blood glucose levels), ect. Administration of controlled drugs such as Postassium, Fentanyl, Morphine, ect. , different pain relief medication, moving and handling of chronic ill and seriously sick patients. Monitoring blood results, keeping consultants updated with current results of any kind.
- Helping on other wards even helping in the recovery room, care for post-op patients. Transfer of emergency patients from normal ward to CCU / HDU (Critical Care Unit, High Dependency Unit). Performing 12 hour shifts.
- The **MPL Medizinische Personal Leasing GmbH, P 5,7, D 68161 Mannheim, Germany**, Elke Pertsch, Tel. 0049 621 1227740 is a huge and great agency for nurses, working nation-wide in the country of Germany. 1 MAR 2006 – 10 MAY 2006.
- Working as **nurse RGN , ITU nurse** (St. Marien-Krankenhaus Lampertheim, Germany (160 beds, 8 ITU beds) , St. Elisabethen-Krankenhaus, Darmstadt, Germany, 400 beds )
- Care for patients on the ventilator. Administration of medication. Maintaining accurate fluid balance monitoring, administering medications, caring for urinary catheters. Care of intravenous infusions and blood transfusions. Assessing and implementing appropriate patient care. Administration of pre-medication and accompany patients to theatre. Collecting post-op patients and performing observations. Woundcare and management. Care of and removal of surgical drains, such as epidural catheter and others. Isolation precautions (MRSA) – barrier and reverse-barrier nursing. Administration of IV antibiotics. Assistance with patient controlled analgesia using syringe driver i.e. PCA. Insertion and care of naso-gastric tubes including feeds. Administer intramuscular, intradermal and sub-cutaneous injections. Administer oxygen as needed. Admission of internal emergency patients, outreaching, GCS-score,

maintaining accurate chart monitoring. Resuscitation of patients. Assisting in intubation (providing airway and tube) of patients in emergency cases. Blood gas analysis, BM (measuring of blood glucose levels), ect., wound care for surgical patients. Administration of controlled drugs such as Fentanyl, Morphine, ect. , different pain relief medication, moving and handling of chronic ill and seriously sick patients. Monitoring blood results, keeping consultants updated with current results of any kind. Administration of emergency transfer of seriously ill patients to bigger hospitals. Writing of electrocardiogram (ECG). Intra-arterial blood pressure monitoring. Replace fluid and electrolytes. Maintain patent airway.

- With the St. Marien Hospital (160 beds, 8 ITU beds) for the nurse agency **MPL Medizinische Personal Leasing GmbH, P 5,7, D 68161 Mannheim, Germany**, I did many night shifts to get some extra money before leaving Germany, to have a chance to start to work in the United Kingdom.
- The **Casana mobile, Ambulanter Pflegedienst (Healthcare)**, Spelzenstr. 10, D 68167 Mannheim, Claudia Berkemer, Germany, Tel. 0049 621 33 93 126 is a **regional health care provider** in Germany. 1 DEC 2004 – 31 OCT 2005.
- Working as **Community / District nurse** for 12 up to 20 patients, visiting them at home.
- Administration of medication. Maintaining accurate fluid balance monitoring, administering medications, caring for urinary catheters. Care of intravenous infusions. Assessing and implementing appropriate patient care. Woundcare and management. Pressure care. Isolation precautions (MRSA) – barrier and reverse-barrier nursing. Administration of antibiotics. Insertion and care of naso-gastric tubes including feeds. Administer intramuscular, intradermal and sub-cutaneous injections. Administer oxygen as needed. Ordering of scheduled drugs. Assisting different consultants and doctors with regular and specific procedures: Treatment in crisis of hypoglycemia, special wound therapy treatment with infectious wounds (like abscesses). As a district nurse I have been on duty as single person caring for patients with different serious kinds of disorders, such as multiple sclerosis, ulcera vascularis, heart disease, Alzheimer disease, diabetes mellitus (type II), ulcer, abscesses, abdominal pain, nausea, vomiting and jaundice, arterial insufficiency.
- Instruction of student nurses and new employees of the company.
- The **Lebensbaum Ambulanter Pflegedienst**, Kurzzeitpflegestation, Ernst-Brandström-Str. 1, D 67227 Frankenthal, Germany, Tel. 0049 6233 771 3512, Heike Rödel, Ernst-Barlach-Str. 3, D 67277

Frankenthal, Germany, Tel. 0 62 33 667 114 is an **independent and private health care provider** co-operating with **national public healthcare services in Germany** with the **regional community hospital** in the city of Frankenthal, Germany.

- Working as **nurse R.N.**, on ward for internal medicine and ETN ward with acute post-op patients in the private health care section and the the ETN ward of the public health care section (Community hospital of Frankenthal, Germany, 400 beds).
- Care for patients on a 12 bedded **ETN ward**. Caring for patients with acute bleeding post-op, in many cases. Care for patient with different kind of diseases in the area of internal medicine, i. e. Diabetes, ulcer, lung and breathing problems, such as Asthma, etc. Maintaining accurate fluid balance monitoring, administering medications, caring for urinary catheters. Care of intravenous infusions and blood transfusions. Assessing and implementing appropriate patient care. Administration of pre-medication and accompany patients to theatre. Collecting post-op patients and performing observations. Woundcare and management. Care of and removal of surgical drains, such as epidural catheter and others. Isolation precautions (MRSA) – barrier and reverse-barrier nursing. Administration of IV antibiotics. Assistance with patient controlled analgesia using syringe driver i.e. PCA. Insertion and care of naso-gastric tubes including feeds. Administer intramuscular, intradermal and sub-cutaneous injections. Administer oxygen as needed. Collecting post-op patients and performing observations. Woundcare and management. Care of and removal of surgical drains, such as epidural catheter and others.
- **I have been working for the independent private health care company with a 24 bedded unit health care center and on 12 bedded ETN war in the hospital while I have been a student nurse with the Protestant University of Applied science in Ludwigshafen, Germany, 1 MAR 2003 – 31 MAR 2004. While attending all the classes during the day, I almost only night shift to earn the money to study with the university.**
- In the past I have been working also as ITU nurse on ITU intensive therapy units for the University Hospital of Mainz, Germany and the University Hospital of Tuebingen, Germany on 20 bedded heart thoracic surgical wards with 4 up to 8 ITU beds.
- Since **1984 on the side-line** I am working for news wire services, radio, television independent providers, newspapers. I have been working many times as a freelancing journalist, host, moderator, television and radio programme producer. For some of my television and film productions I have got awards and promotions in the past and

good written references in the recent past (even last year). In many cases I have been co-operating with many governmental institutions in the country of Germany, which I still continue **on the side-line**, as a creative part of my life to find some relief from my duties as a nurse and to relax from the sometimes quite hard medical field, working as a nurse. See also in the section, "**Work experience...**".

- In 1996 I have founded a **publishing house** and **marketing company** and started **on the side-line running an own company**, which was **registered with the Council of the city of Ludwighafen am Rhein, Germany**, but does not exist any more. I had to close the company in the year of 1998 and to deal with the aftermath of the closure of the publishing house and marketing company.
- For many charity organisations I have created dozens of websites, writing articles and have been doing the media and marketing duties as a volunteer, offering my professional experience as a journalist, television programme, radio programme producer, moderator, publisher. For the charity organisations I have been working as a volunteer.
