Volunteer opportunity and offer to volunteer as nurse for the poor people in Burma

May 15, 2008

Dear beloved Brother in Christ, President George W. Bush !

On May, 9 in the year of our Lord 2008 I have offered to the most powerful lady (according to the US magazine FORBES) and German chancellor Dr. Angela Merkel, Dr. Frank Walter Steinmeier and Dr. Wolfgang Schäuble to help the poor and suffering people of Burma after these people have got hit by cyclone « Nargis » working as a nurse (RGN, R.N.) and to help as a volunteer.

My last money, which I had, I have donated already with UNICEF.

Unfortunately I have not even received some kind of positive reply. Hereby I do declare, that I am willing to help the poor people in Burma working as a nurse (R.N., RGN) for them with US-American, British, French or international aid and relief organizations.

This is the request to make it happen to help people working as a volunteer as nurse (R.N, RGN) with US, British, French or international aid and relief organizations. Since 1993 I am a registered nurse, in 2006 I have been working as ITU nurse with the Clementine Churchill Hospital in London, United Kingdom and also I have been working as ITU nurse with a local hospital in the German city of Mannheim in December 2006. Since Oktober 2006 I am working also full-time as a journalist and director of UK based company.

Would you be so kind to pray and to help if you have some influence to make it happen to help the poor people as a volunteer, working as a nurse for the people which got hit by the cyclone.

In the attachment you will find my application documents to volunteer as a nurse (R.N., RGN). Also I do have work experience since 1984 as a journalist, editor of British Newsflash Magazine est. 1986 (Leeds, West Yorkshire) and to work as missionary and director of the UK and German Branch of John Baptist Mission, Togo, Africa, founder: Reverend Yawovi Nyonato.

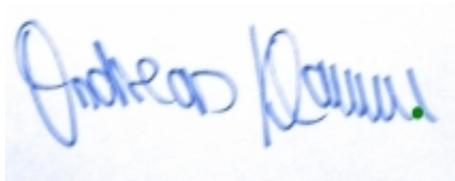

Already after the 911 attacks in New York City I have been a volunteer in America in 2001 and 2002 with All Nations Baptist Church, other faith based organizations, the American Red Cross (ARC) in New York City. ARC members, members of the United Nations (UN), official officers from the FBI and firefighters of New York City are able to confirm this information to you. NY TV stations have even taken pictures from me while working as a volunteer in the midst of New York City, USA.

Thank you for your prayers and support.

May GOD bless the United States of America, the Queen of the United Kingdom and the United Kingdom.

In Christ and in His Service

Sincerely,

Andreas Klamm, Journalist, nurse (RGN, R.N.), missionary and director of John Baptist Mission, Togo-Africa German and UK branch - international service
